***Incorrect or missing information will result in delays in the plan check process.***

**Declaration Regarding the Presence of Asbestos**

\_\_\_\_\_ I have contacted the Monterey Bay Unified Air Pollution Control District (MBUAPCD) at 831.647.9411 to determine if the Federal Asbestos NESHAP is applicable to this project, **and (check one)**:

\_\_\_\_\_ I am attaching a copy of the written notification to MBUAPCD for my project as required by the Federal Asbestos **NESHAP regulation in 40 CFR Part 61.15(b)**; or

\_\_\_\_\_ My project is not subject to the Federal Asbestos NESHAP regulation in 40 CFR Part 61.145.

**Declaration Regarding the Presence of Hazardous Materials**

\_\_\_\_\_ I have tested the building materials I intend to disturb during this renovation project for hazardous substances and any hazardous materials identified will be removed by individuals or firms certified to handle and dispose of those materials (check and complete as applicable).

\_\_\_\_\_ List of hazardous materials to be removed include:

\_\_\_\_\_

I understand that it is unlawful to place any hazardous materials, including asbestos containing materials, into any Waste Management Disposal Service, Inc. drop box.

"I certify (or declare) under the penalty of perjury under the laws of the State of California that the foregoing is true and correct. I understand that all statements made in this application are subject to investigation and that any false or dishonest answer to any question may be grounds for denial or subsequent revocation of any permit issued to me"

\_\_\_\_\_ **Date**

\_\_\_\_\_ **Applicant signature**

\_\_\_\_\_ **Print name**

\_\_\_\_\_ **100% of non-hazardous debris will be taken to a bonafide facility with a minimum 50% recycle rating**  
(Initial)

\_\_\_\_\_ *I am required to erect protective barricades around all trees on a building site and all trees on public property adjacent to the site. These barricades must be in place prior to the start of any construction or demolition activities. Barricades shall be upright 2x4 planks standing a minimum height of eight (8) feet, conforming to the tree, tied with wire or rope forming a maximum one (1) inch space between planks. Under conditions where soil compaction is probable, fences may also be required around a tree or grouping of trees. (Ordinance 12.28.34 Safeguarding trees during construction, demolition or tree removal)*
