How did you feel about the effectiveness of traffic calming measures in place for safety in the evenings in the business district during Car Week?	Why do you feel that way?
Yes	Loved it.	Loved them.		They were effective at preventing and calming reckless driving in the business district.	
No		They were okay.	Lots of traffic and erratic drivers. Exotics are too noisy and reckless.	They were somewhat effective at preventing and calming reckless driving in the business district and were somewhat effective.	Too many drivers who did not adhere to stop signs and speed limits.
No		Loved them.		They were somewhat effective at preventing and calming reckless driving in the business district and were somewhat effective.	
Yes	It was okay.	Loved them.	Still miss the previous" Thursday event...that was THE BEST!!....but Carmel is slowly coming back to that caliber of events.	They were somewhat effective at preventing and calming reckless driving in the business district and were somewhat effective.	There will always be people that feel entitled and unaccountable for their actions.

Any other thoughts about Car Week or things you would like to share?

It is a lot of traffic and noise. Poor behavior by drivers makes it less enjoyable.

Keep going and keep it safe....also nice not to see food vendors on the street during the events...it's all about the cars!!!

Yes	Loved it.	Loved them.		They were effective at preventing and calming reckless driving in the business district.	Cars were crawling only.
No			The crowds and noise were ridiculous, causing stress and great inconvenience. I had to use Uber because there was no parking in town; shopkeepers, neighbors, etc. all hated the chaos for an immature Vanity Project to showcase wealth, bad taste, vulgarity.	They were somewhat effective at preventing and calming reckless driving in the business district and were somewhat effective.	Officials did their best
No	Did not attend	Loved them.		They were effective at preventing and calming reckless driving in the business district.	The speed bumps on Ocean were effective

The netting on the Ocean Avenue median worked superbly.

I understand that Car Week is a beloved tradition, but this year it seemed worse than others...many other locals shared that same observation. Maybe we are all just stressed out from Covid, politics, weather, etc. I hope the funds raised go to very worthy causes to cancel out the negative effects of Car Week. My Spouse is a car aficionado, and he was upset with the crowds, noise, etc. and stayed home!

8/23/2024 18:01:46	A resident of 93921, A retail shop owner in 93921	Loved it.	Actually, somewhere between okay and loved it - 4 out of 5. The Tuesday event (Concours for a Cause) went smoothly, had some exceptional cars, and was a charming community-focused show. It could grow into a COTA-quality event. Aston Martins? okay. Other than the handful of classics down by Monte Verde it looked like a vast Aston Martin dealership lot. Thursday, between the Prancing Ponies and the Ferraris, we had a full house and good vibes. The Fuel Run exotics didn't seem as obnoxious as in recent years and the Carmel PD and the CCBTS did a great job in tamping down the evening chaos to a manageable level.
8/23/2024 18:13:47	A resident of 93921	I did not like it at all.	I leave for the week. Too loud.
8/23/2024 18:22:48	A resident of 93921	I did not like it at all.	It is disruptive and puts too much of a burden on city staff and residents. Our town can't handle this large an influx of people, cars and the crazy, disruptive and dangerous behavior that some of the participants partake in.
8/23/2024 18:24:57	A resident of 93921	I did not like it at all.	Too much noise from racing cars on Ocean late at night.

I love that it brings in so much \$ to our area so I choose to travel elsewhere that week. Would be nice to be able to Airbnb for one week per year.

People do not feel safe because there aren't enough officers to be able to handle the crowd sizes and some of the reckless car owners. The events are not classy as they used to be.

8/23/2024 18:36:45	A resident of 93921	It was okay.	The two daytime official events were okay but the evenings and nights - especially Thursday, Friday and Saturday were ridiculous with the cars and crowds. Late night crowds at certain restaurants were particularly bad.
8/23/2024 18:40:00	A resident of 93921	I did not like it at all.	Miserable for the residents, especially those of us near Sunset Center. A catered private event was allowed to use disposable ice cream cone wrappers, ice cream and small snacks in disposable small cups and spoons, water bottles, etc. --- where they of course get dumped into our yard and others and along the streets as trash by the fabulous Car Week attendees. Why is a catering company allowed to use trash-prone items when our own restaurants cannot? Why aren't there multitudes of garbage cans all along San Carlos, along Mission, along 8th? Look where these people park and where they're walking from --- it's our neighborhoods! So our homes, our driveways, our yards, get to be the garbage cans for the public to use. Plastic water bottles left everywhere --- in general a junky group of attendees and no one "sponsoring" an event cares, including the City. So we get to pick it all up, including the dirty diapers left in the front yard and the people who used our bird bath as a toilet. No kidding. And thanks for blocking Ocean at Junipero --- it just directed traffic south on Junipero for the rest of the night, blowing through stop signs and gunning their engines. An absolutely horrible & ridiculous experience that Carmel doesn't deserve and shouldn't have to put up with.

We lose all privacy, our homes are invaded by traffic, people, and noise for an entire week or more, the attendees are disrespectful of our community entirely, and only the businesses are delighted since they make money perhaps off the various events/foot traffic. It was a lovely experience years ago and now it's just a commercial, inadequately monitored, money-grubbing event.</p>	<p>They not effective at preventing and calming reckless driving in the business district.</p>	<p>Observation of cars running stop signs, trying to find parking, parking anywhere they felt like it (and being left alone), too dense and too little direction by the planners.</p>

It has extended well past a week and seems to be less classy than in years past. Again - I don't have any real suggestions or any solutions but wanted to offer feedback from my experience as a downtown resident who also works downtown.
Thank you.

Do something else if you're so desperate for revenue. "CAR WEEK" has become cheap and trashy, and does not at all reflect the character of Carmel, our community, nor our values.

8/23/2024 18:47:21	A resident of 93921	I did not like it at all.	A slap in the face to planet earth, current and future generations to promote climate change with unnecessary fuel burning with jets, car transporter trucks, and the cars themselves. Ostentatious displays of wealth and consumerism. Completely unnecessary.
8/23/2024 18:47:34	A resident of 93921	I did not like it at all.	Having Ocean Avenue become the equivalent of a College town Halloween party is really unacceptable. The events are fine. The constant noise is tolerable. But what's happening at night is not.
8/23/2024 18:50:07	A resident of 93921	I did not like it at all.	Loud car noises past midnight
8/23/2024 19:11:59	93923	I did not like it at all.	One, it is 10 days and not a week. Two, it has strayed SO far from the original Concours to be unrecognizable. Three, the imposition on residents is overly burdensome. Four, the environmental impact of the car and plane traffic is not justifiable. The amount of oil and unknown liquids left on Ocean Ave. after Tuesday's event is disgusting. The waste demonstrated by the Quail event with many containers filled with carpeting, building material etc. all to be thrown away is stunningly wasteful. The speeding bros endangering us and interrupting our sleep?? Do we need them?
8/23/2024 19:17:29	A resident of 93921	I did not like it at all.	Dangerous, careless, rude and speeding drivers. Excessive noise at all hours.

Car week is a juvenile anachronism, a contributor to climate change, materialism, and the nonsense of showing off one's wealth.

I think we need to consider shutting down access to the City at 9 pm. I have no idea if that is legal or possible, but this has to stop. People who live close to Ocean were scared.

I believe I have made my thoughts clear.

We need to rethink the entire event. This level of chaos is unacceptable and Car Week must be scaled back.

Normally I enjoy Car Week. This year the increased number of days/ events coupled with the increased crowds, traffic, and noise in the very late pm decreased the enjoyment of the Week for me. Quality vs quantity issue.

The niights almost got out of hand due to youth and social media!

When this went on in the 1980's the cars were mostly Tin Lizzies that were cute and quite. Now it is entirely too much engine noise that is irritating. My Dogs hated the birping sounds of the cars. I lived on Santa Rita and 4th third house on the left headed north and it was not this disruptive. The loudest sound of any event was during the Crosby and it was the Goodyear Blimp. So I am for limiting the show to every 2 or 4 years like the olilmpics. If the Men that had those cars wern't such freaks about hearing the burp of thier own cars it might not be so bad. The AQI was bad for some of the days.</p>

Have a Dog and Pony week with only Ev's in Town. Take horses down old Main Street from Carmel High. Just a small group with Police escort...That is what Ocean was called Main Street. Then finish at the barn yard. after a trip on River beach... also allow bonfires on Labor day to clean up the driftwood.

Bring it on! Thank you for policing and making it possible to celebrate and enjoy all those cars. We particularly enjoyed the Concours for a Cause.

Worth is for one week a year if it brings in revenue, I suppose.

I know some locals dont like it but I think it's great and look forward to it every year. Glad there are events in Carmel again

8/23/2024 23:14:45	A resident of 93921	It was okay.	Too many street closures due to events & rerouting of traffic. While public safety does their best it's really hard to believe there is complete crowd control. It sometimes feels like a mob mentality which could go sideways very quickly. The character of the village is totally lost during car week.

No		Concours for a Cause would have been more than sufficient. Would rather have one good show than numerous mediocre. Or instead of blocking parking have the smaller shows at Sunset Center.	Too many days of disruption. The rude and reckless driving. The loudness at all hours of the rude and reckless driving.	Again, I know public safety is doing there best, but the noise levels and reckless driving seem to get worse every year.	There are too many events and too many reckless drivers who for some reason are encouraged to come here and behave inappropriately. I would also like to see an analysis of cost to city bs actual revenue for the week. Is calling this really worth it?
No	I did not like it at all.	I did not like them at all.	See previous answer. Car Week sucks as a resident.	They were somewhat effective at preventing and calming reckless driving in the business district and were somewhat effective.	See previous reasons.
No	What event on Dolores Street?	They were okay.	I am not that interested in cars but, in general, I don't mind events in downtown. What I do mind is the loud cars. Also, as a frequent pedestrian, I really don't like the speeding and disregard for stop signs.	They not effective at preventing and calming reckless driving in the business district.	As a pedestrian, you risk your life walking into town

Fewer but better quality events. Impose highest fines possible for those visitors who think it's amusing to invade a community and behave like thugs. Or better yet, impound their cars.

Please, no more!!

I really feel that Car Week has gotten out of hand in the last few years. It is no longer the classy event that it used to be. It seems lawless, rude and dangerous. I had 4 straight nights of sleeplessness as very loud carts raced through my neighborhood (I live one block up from Camino Del Monte).

Police did great job. I have been a part of car week for a long time as a resident and a merchant and I feel it's gotten out of control with just too many activities and too many people.

More attention needs to be paid to illegally and dangerously parked cars in the residential areas of 93921 during the car show, especially Saturday PM.

See previous. More patrols in the residential northwest area please

Because there are too many events allowed simultaneously and consecutively to completely take over the city to the point that it becomes nonfunctional for us residents, Ocean Avenue is blocked off, as well as almost all connecting side streets (i.e., Mission, San Carlos, Dolores, and Lincoln Streets between Ocean Avenue and 6th Street, and Ocean Avenue and 7th Street). Additionally the removal of available parking was unrealistically.

They were effective on Ocean Avenue; however, there wasn't enough police presence or speed deterrence on Carpenter Street. It is literally a drag strip. the few of us who actually reside here 24/7. Especially during car week. I believe the city genuinely needs to rein in the number of events permitted and minimize the quantity of blocked-off streets, and blocked off parking spots. Suggestion of possibly restricting the events to Thursdays and Fridays only. Additionally, all primary access and egress roads thoroughfares should incorporate some form of speed deterrents, such as speed bumps on Carpenter Street, Junipero Street, between 8th and 5th or 4th Street, as well as San Carlos Street from 13th to 4th Street. No		Loved them.	Great variety and a packed calendar to make the most of all the different cars coming into town. Very easy to walk around at leisure and see everything at your own pace.	They were somewhat effective at preventing and calming reckless driving in the business district and were somewhat effective.	The speedbumps on Ocean were great and the city did an excellent job of closing down streets and re-routing traffic to slow everyone down. Measures dwindled by 5th Ave however, we live on 4th and there were lots of bursts of speed still happening.

I don't think that it's fair to close entire blocks in the evening without accommodation for the restaurants. They lose money when patrons cannot park nearby.

Would love to see the restaurants and wineries in town more actively involved in the events i.e. food stalls during the weekday events where you can buy an additional ticket (like the events in the Plaza in summer) and get a wristband to access light bites and small sips.

No	It was okay.	Like I said, the legit exhibitors were just fine. The brat spectators creating illegal noise levels and here just to sell cars, should not be here.	The spectators should respect Carmel residents. Showing off and exhibition driving is illegal and should have very harsh penalties. Yes	Loved it.	Loved them.		They were somewhat effective at preventing and calming reckless driving in the business district and were somewhat effective.	

As you can see, I have mixed feelings. On the other hand, I feel that too many blocks had "no parking" signs without any concours cars using them. In other words, they were wasted.

I'd like to see the brats, showoffs and rude noise creators banned completely. If that is impossible, then police should crack down as hard as they can.

No	Didn't attend	Loved them.	Love that the community is vibrant!	They were somewhat effective at preventing and calming reckless driving in the business district and were somewhat effective.	A little too strict in my opinion, but understandable. Perhaps allowing a "cruising time" would keep everyone happy. The detours took away lots of parking and some business owners noticed.
No		Loved them.	A beautiful thriving community hosting events is a good thing- not a bad one!	They were effective at preventing and calming reckless driving in the business district.	I appreciated the upped presence especially on friday night when the kids descended on the town
No		Loved them.	I feel that this is a wonderful event for everyone.	They were effective at preventing and calming reckless driving in the business district.	I had no problem with traffic at all. I feel like half of the reckless driving is done by area residents.
No				why do you only ask about the business district? Calming measures like speed bumps need to be implemented on other main roads like Carpenter and Highway 1	

The fence around the "ocean ave. island" was smart to keep photo people in check. The landscaping looks amazing by the way!

When I wasnt at car events I hit the beach and had it all to myself practically! So there is a good counter point! Perhaps the village people who are crabby about car week just need to be thanked for their patience. Being gracious goes a long way!

Dare I say, they reminded me of Trump supporters? It was just gross!

Yes	It was okay.	They were okay.	Concourse for a Cause was a good event for the first attempt. The event needed more information - volunteers were clueless and left posts before the end of the event. There needs to be more eating areas like the one near Little Napoli.	Somewhat effective - but a true bother to locals and real visitors staying in Carmel. Isn't the goal to STOP this behavior all together? Why not ticket/arrest/make examples of the violators	I saw mostly very young men/boys parading around Carmel after 9 pm. Not spending any money and just hanging out looking for trouble. How does this help/promote Carmel?
No	It was okay.	They were okay.		It is not just about the business district	The noise and traffic through the residential streets (not to mention parking problems) is ignored to the interest of the business district. How do you think patrons get to the business district? Through th residential districts of course.

The City should continue to limit it's shows and work with other municipalities on the peninsula for a unified approach to this event that has grown TOO BIG for here. Promoters (Quail, Pebble Beach, Monterey Auction Companies, etc) should have to pay fees to support more law enforcement and traffic control.

<p>The data on Car Week's affect on Carmel-by-the-Sea as measure against the normal tourism to it should be made available. If it is put on for the hotels to fill up and charge higher rates, I'm sure it appears to be successful. Otherwise, it seems to clearly be a departure from what Carmel seems to advocate during the rest of the year. Perhaps a "weekend" would be more appropriate and less of a burden.</p>

From all the loud noises to the fact that there is added air pollution from the gas fumes, to having to navigate road closures, it is not worth it to me as a retail shop owner. I do not get extra business from this event as the participants are here to look at cars, stay in hotels and go to restaurant....not shop.

No	Don't have a Ferrari so no interest	I like that there were less of them.	Town can't handle that many tourists and residents are more and more impacted by noise and traffic.	I don't know but I think it's certainly better than 2019 which was a disaster.	

Expand the event or, certainly, don't let it go away. Clint fixed ice cream now one of the Mayors can make sure the car week events keep going.

I would like to see the event go back in time to where it was just one day in Carmel not four.

The consensus of my neighborhood is that Car Week is overwhelming the Peninsula and the benefits may not be worth the cost unless you are a business and making money off it.

Because the car events take over this peaceful community. I saw a video of police talking to someone on Ocean avenue. It was in the evening. Ocean Avenue looked just like Ft. Yes. Instead of putting up with car noise, cars racing, cars speeding, congested traffic, I am going away next August, for 10 days to avoid the shit show.

Yes, the Pebble Beach concourse should be held at Pebble for antique cars, period. The rest of this mess, ie: the auctions & rallies should be held in Vegas or Scottsdale that encourage these type events !! I am sick & tired of all the cars, which most of the drivers know nothing about, burning out & hitting the rev limiter all over town.

I agree that the drivers who abuse the rules and stretch the rules are a problem. We live within hearing distance of 17 Mile Drive and the groups of fancy cars driving loops around Pebble at all hours should be stopped. There doesn't seem to be a controls over them. And Officer stationed just above the .carmel Gate wouldn't be able to keep up with the tickets he could write. Dont de stand why those drivers are allowed to abuse the peace.

i think we should do it MORE than once a year! But the people involved would be exhausted lol

Ferrari Club event was very Classy and very Carmel. The hot rods from Ponies show brought it down.

I love that Ocean was blocked off so that there was more room to walk around, wonder and enjoy the fun cars safely. Without blocking off Ocean, people just loudly drag down Ocean Avenue with revving and backfiring and people are just squeezed onto sidewalks and gawking. The events were much nicer this year—thank you! I still think the person on the microphone for Prancing Ponies needs to stop yelling woo-hoo into the microphone for each award. It's much too loud and obnoxious. It would be better if she explained in words her congratulatory remarks about the recipient. The police and VIP volunteers, the speed bump traffic calming measures were all appreciated! I'm glad the native plants were protected on the medians. When the events are not there and Ocean is opened back up it is much worse. I saw a couple standing on the end of the median wall videotaping cars drive down Ocean on their cell phone. The cell phone and gawking crowd encouraging revving just starts up again once events are over. Overall, the events were much more like the former Concours on the Avenue. Thank you!</p>

<p>Yes</p>	<p>Loved it.</p>	<p>They were okay.</p>	<p>I liked them and plan to go again next year if conducted like this year, except for Prancing Ponies yelling woo-hoo in the microphone over and over. I really loved Ocean and side streets blocked off. If conducted like last year, with no streets blocked off, causing unsafe crowding and loud car revving and dragging, and social justice speeches going on unrelated to the car event, then no I'd never return or support it. This year was so much better! I enjoyed it! Thank you!</p>		<p>For the most part I was not in town during the evenings to witness.</p>

No		They were okay.	<p>If residents and business owners endure these events I would recommend the mid day events last into early evening so local kids can go and see the cars with their families. All the events that would be appropriate for kids ended before my kids got out of school. Even more, Carmel Schools should not open until the week after car week for this reason along with safety.</p>	<p>They were somewhat effective at preventing and calming reckless driving in the business district and were somewhat effective.</p>	<p>More patrols especially near schools. There were no patrols posted at the schools especially Carmel High on Hwy 1. More offsite parking should be offered to attendees so they aren't clogging Carmel roads and parking.</p>
Yes	Loved it.	Loved them.	Really enjoyed the variety.	They were effective at preventing and calming reckless driving in the business district.	I never saw anyone speeding, and I liked the police presence.

off we were in Carmel due to the stopped traffic on Hwy 1. Carmel by the Sea events should have offsite parking with buses from more easily accessible areas like Monterey Fairgrounds so Hwy 1 doesn't cut off residents. It seemed extremely dangerous to have 3 schools in Carmel in session when first responders couldn't access them due to the highway being completely clogged. Also as a business owner who doesn't profit from car week we lost a week of revenue, which in turn meant lost wages for my whole team many of who are hourly employees. Not everyone benefits financially from these events. I think from a public safety

Could be interesting to have a lowrider car show. We attended one in Salinas, and the effort and detail is amazing.

I feel that there is not enough consultation and collaboration with business owners, especially those most affected by the road closures for events and whose business may be adversely affected by the events in Car Week. A meeting early in the year ahead of Car Week with residents and business owners in Carmel to learn about and discuss the plans would be very helpful and I believe would improve relations between the different groups and stakeholders.

Miss the cars driving through town on Thursday like they used to do. That was a highlight for me & others. Not convenient watching them driving on hwy 1.

Yes	Loved it.	Loved them.	Carmel has a rich tradition of hosting artistic and cultural events.	They were somewhat effective at preventing and calming reckless driving in the business district and were somewhat effective.	Overall, the effectiveness of the traffic calming measures was much better than last year. I think getting the message out to car enthusiasts and the general public to be respectful of the City and its residents & visitors is important. In my experience, the vast majority of car enthusiasts are respectful, but there is always room for improvement and hopefully in years to come, this will be less and less of an issue.

Offer shuttle services in from the Del Monte center for spectators. This will help relieve some of the traffic issues and definitely help the parking situation.

I grew up in the Bay Area and my parents began visiting Carmel in the 1940s. We bring our kids and now grandkids down to Carmel to stay several times a year. While times have changed and the world has changed, a lot of the core beauty and ideals of Carmel have remained constant. I would love to see Car Week activities continue to be a vibrant part of the fabric of Carmel.

Our family truly enjoyed the shows...but, the FERRARI show in particular was OUTSTANDING. It was a WORLD CLASS SHOW...very much like the Concours on the Ave that used to be held. Too bad the HOT ROD SHOW was held the same day on Ocean. NOT A GOOD MIX of elegance (Ferrari) and everyday cars.(pony show)

the way its going your going to loose all the customers you want, changing to controll the bad crowd is not working. Carmel mains strip is destroyed im not the only one that feels that way everyone feels car week in carmel is over

8/28/2024 13:28:25	A Car Week attendee from outside of the 93921	Loved it.	Carmel, the shops and the atmosphere lend itself to having a car show and the one I attended on August 15th, during Car Week, was a wonderful one. The mix of cars with the fashion show, what I saw of it, with the local vendors just works to make a day in Carmel a must do next year during Car Week. Thursday was the perfect day of that week as well, in between a day at Laguna Seca and Werks and Concorso Italiano. There was no conflict.

Yes	Loved it.	Loved them.	Always fun and fantastic. The setting is wonderful and the cars are always amazing.	They were effective at preventing and calming reckless driving in the business district.	It kept the ones who speed out of the area. It's unfortunate that it has come to that because in past years it was so fun to see rare automobiles driving through and parking in downtown Carmel.
Yes	Loved it.	Loved them.	For one week, each year, we all get to play. Everyone is friendly.	They were effective at preventing and calming reckless driving in the business district.	The local police were approachable and friendly.

Yes	Loved it.	Loved them.	Carmel was very welcoming, and it appeared that the merchants enjoyed the business.	They were effective at preventing and calming reckless driving in the business district.	There was enough congestion that fast driving was not possible, and there was a nice police presence throughout the downtown area.
Yes	Loved it.	Loved them.	Great events. Lots of cars. Well attended.	They were effective at preventing and calming reckless driving in the business district.	I didn't witness any out of control car issues.

Hope that Concours on the Avenue returns. I judged for Doug Freedman many years and the cars and the event was top notch.

Cannot wait until next year.

Great events, and I and the family will be attending next year. Thanks for a great time!

Consider a shuttle bus to relieve traffic pressures on the busiest Car Week days. We will be back in 2025 for sure!

Yes	It was okay.	Loved them.	Felt like the energy and vitality for Car Week had diminished after COTA died. Now it seems it's back with even more events, and they are Carmel-appropriate, classy but really lively and fun. This is neither Seaside (low rent) nor Pebble Beach (so veddy veddy ...)!	They were effective at preventing and calming reckless driving in the business district.	Put an emotional adolescent of any age in a 500+ horsepower car and loud and bad things often happen. <p>Best Car Week in Carmel in at least 5 years. Even the weather cooperated. My only request for 2025: Re-invite the Pacific Grove Rally cars to cruise through Carmel as is years past. We don't even need to stop, just cruise through and let people see the wild variety of cars. I've driven in that event every single year since it began in 1994. As a Carmel resident, I would love to see it return.</p>
<p>Glad that there are still events that can be attended for free or for reasonable fees. Most other shows have increased their entry fees to ridiculous amounts.</p>

1. We and others depend mightily upon the large parking lot at Sunset Center. Should the lot be needed for an event at Sunset Center during Car Week, could the shuttle/bus hours be extended?

2. Is the schedule for the Carmel bus/shuttle posted online? We saw the posts labeled 'Bus Stop' at various intersections along San Carlos, but could not find any other information about the 'Bus'.

We miss Doug's event from past years but this year Carmel did an incredibly good job. We hope to see the same next year and would like to see it even grow more. Thank you for asking our opinion.

A few years ago Carmel shut everything down. It's been a pleasure to see how we continue to learn and modify restrictions. Every year we seem to open things up a little more, this year by closing Ocean and allowing special cars to park there for public viewing. I've complimented Carmel Officers before and I would again. For decades we had "cruising" of some of the world's most spectacular cars on Ocean. I think finally we got out numbered. "Monterey Car Week" is one of a handful of bucket-list car events. Those that can afford it make a pilgrimage here once or twice in a lifetime. The Pebble Beach Road Races started it all and its roughly the same crowd now as it was in 1950 to 1956. If people yearn for the good old days, this is your event. The same cars show up, the same attitude and enthusiasm prevails all fueled by the same affluence and optimism that brings money into the area. They come to see our beautiful city and its unique architecture. This event truly is the golden goose. Embrace it.

It seems to be a marquis event that gets media coverage and builds visibility of the exciting things happening in Carmel	They were effective at preventing and calming reckless driving in the business district.	We didn't see any displays of speed etc. just cruising on the two nights that we were in town
Yes	Loved it.	Loved them.	An excellent venue for exhibitors	They were effective at preventing and calming reckless driving in the business district.	I saw no unsafe driving, at any time. Excellent work on Thursday by the Ferrari Owners' Club to inform us ahead of time and direct us effectively that morning.
Yes	Loved it.	Loved them.	Great atmosphere at both the Tuesday and Thursday events. Not too crowded. The bands at the Concours for a Cause were a nice touch...	They were effective at preventing and calming reckless driving in the business district.	Didn't see any crazy stuff going on...

Keep improving it so everyone enjoys it and is not significantly impacted by it.

Parking for spectators seems to be the problem. On Thursday, I had a friend that tried (and failed) a couple of times to find parking anywhere near the Ferrari event. Perhaps shuttle buses from the Barnyard lots would help?

Hope that the city of Carmel continues to expand Car Week activities. The shows in Pacific Grove are good, but "it ain't Carmel"...

Yes	Loved it.	Loved them.	It's goes toward our Father Son trip (I'm the Father)	I think the Police department are a bit too angry actually.	I have been coming for years and in general, people behave. I think there's a balance and you want tourists to return and spend money in Carmel (or maybe it isn't that important at this point). I'm not someone who has a vehicle of note, so not biased. Just an observation.

We've been coming to Car Week for over a decade, it has become a family tradition. This year unfortunately we were unable to attend events on Ocean Ave due to parking limitations. Next year we'll have to get up earlier.

Closing off and diverting traffic at the Ocean and Junipero intersection may have calmed traffic but it created traffic jams and logistics nightmares for those needing to get from one side of Ocean to the other. It was especially tough with vintage cars with manual transmissions and weak cooling systems.

Not at the this time.

Yes	Loved it.	They were okay.	All very well organized and attended.	They were somewhat effective at preventing and calming reckless driving in the business district and were somewhat effective.	The maze-like police barriers when there weren't any specific evening events made for horrible traffic. People come to see great cars and to show their own cars, so there must be some way of permitting this with minimal interference. It would be great if there were some way of allowing essentially a long "parade of cars" on Ocean Street and still preventing crazy driving. Maybe this could be done by blocking off side streets and having a single lane loop around Ocean St.

8/29/2024 15:41:55	A resident of 93921	It was okay.	Loved the street show presentations but closing Ocean Blvd forcing the bulk of traffic through the neighborhoods for three days with limited law enforcement was excessive. Still getting too much of a rowdy noisy crowd determined to race around town. Resident only parking violations are completely ignored by law enforcement increasing noise, disruption and inviting more rowdy crowds.

2024 Car Week Survey Results

No	Suggest only one day of Ocean closure; other shows on side streets	See prior comment about limiting closure of Ocean to traffic to one day; also need better law enforcement of traffic, noise and parking violations.	See previous answers.	Traffic calming and parking issues are bigger issues throughout the neighborhoods outside of the business district.	Forcing traffic through neighborhoods for three days invites rowdy drivers to misbehave outside of sight of law enforcement. Resident parking violations are ignored by Carmel Police most of the time, especially during Car Week.
Yes	Loved it.	Loved them.	So great to walk around town and see the amazing cars. The events are perfect since they are organized, clean and keep the loud show-off people away.	Great during the day when there were organized events. But Friday night and Saturday night have really changed, used to be more peaceful and elegant. Maybe organize a few night events and let those clubs manage the crowd.	

Close Ocean only one day to lessen the traffic burden in residential neighborhoods; other shows should be on different side streets. Carmel Police should enforce parking and excessive noise violations in residential areas especially after 8 pm.

Having more organized events keeps the town more organized and clean.

Our community needs to offer longer parking times in 2 hour parking spaces for visitors to enjoy the events. We also need a parking structure for visitors. We could possibly offer offsite parking and shuttle visitors to cut down on traffic.

Yes	Loved it.	Loved them.	So much fun and enjoy seeing the cars.	They were effective at preventing and calming reckless driving in the business district.	My neighborhood was kept safe.

I think that the restaurants and hotels and hopefully the shop keepers benefit from the increase in visitors to the car show. I don't think that charging a small fee like \$5.00 or \$10.00 to each visitor visiting Concours on the Avenues and Aston's on the Avenues and Prancing Ponies would hurt to help off set the cost to the city .

Carmel parking is always a challenge - consider free buses from larger lots to get to/from downtown Carmel by the Sea.

It is 10 days of automotive bliss that is special to the Monterey Peninsula. Brings in lots of people & their money to shore up the economy here. We look forward to Car Week every year as residents of the MP and attendees/ participants at multiple events.

Just bring it back next year !!

When the event cars are leaving Carmel, there should be California Highway Patrol directing traffic onto Highway 1 to help clear traffic out of Carmel.

<p>9/3/2024 12:00:14</p>	<p>A retail shop owner in 93921</p>	<p>It was okay.</p>	<p>It was nice to see the additions to our towns car events. Sadly, the execution of the events lacked the upscale sophistication that all Carmel by the Sea events should have. Primarily, as a business owner, it was extremely disheartening to see our street closed to parking during event days when there were no events on our street. Police thought it was to facilitate the setting up of display cars, yet at no point did vehicles use our street to get to/from their display areas. Taking away the parking on Ocean Ave works well, but parking should be available along 7th and 6th & side streets as I heard many people complain that there was nowhere to park, so several of the business on Ocean did not have many patrons as a result.

No	Did not attend	Loved them.	Loved the atmosphere, people, etc. I grew up in Pebble and have since moved to Santa Clara, but I miss the town.	They were effective at preventing and calming reckless driving in the business district.	I had no traffic situations at all - only thing is at the ending telling entrants they had fifteen minutes to move - could have a little more heads-up time.
Yes	Loved it.	Loved them.	There is something great magic about free admission events in our village. And I sure it benefitted our local merchants.	They were effective at preventing and calming reckless driving in the business district.	It was smart to load in the cars in the event, each morning, through the side streets instead of by one entry on Delores--that was a real traffic jamb.

Can't wait till next year.

I was in the English section and no one was at the "booth" to hand out goodie bags (which were nice) or have an information card for your car. (which was not printed for my vehicle). Donuts were good but again, no one was there to "monitor" so it was a grab and go situation for anybody.

I" be back next year---
-a Great 2 events.

As a full time resident who needs to stay here during every Car Week, I have seen it getting back to the way it was before Covid, only worse. There are just too many people and cars here! What irks me the most is that Carmel by the Sea and Monterey both spend money promoting us as a tourist destination when just the PR generated would be enough to fill hotel rooms and restaurant seats. Stop with the promoting already!

Yes, the "thing" is that it's never reported what this costs the City in police/fire, set up, clean up and other negative impacts and residents be damned unless you have some senseless race car to show off and stoke your ego.

<p>The quality of life for locals plummets during Car Week. I am sad to say this, as we really enjoyed the events on Ocean Ave. for years, until the internet/short term stay platforms attracted crowds that, as I mentioned, exceed the carrying capacity of local roadways and freeways, and who treat our beautiful peninsula as one big fairgrounds and racetrack. Yes	It was okay.		I like looking at the cars but I don't like to hear or smell them.		

Overall the cities & counties on the peninsula need to cooperate on a full traffic study, to define & better manage impacts. They also need to do a formal business survey to document winners & losers, as some businesses are hurt by customers avoiding the gridlock. Car "week" is now ~10 days. If spreading out the events reduces gridlock & unintended business impacts then that is an improvement. Rise it just extends the problem.

I'll make sure I leave the Monterey Peninsula during the next Car Week to avoid the noise, pollution, and inconsiderate drivers.

		I did not like them at all.	I've lived in Carmel by the Sea and the immediate area since 1978. Ever increasing car events now make normal life almost impossible during Car Week.		
	I did not like it at all.	I did not like them at all.	This event needs to be limited in a.) number of days and b.) timing. Also, the police need to do more to stop the incessant speeding and racing of engines outside of the downtown area. A disaster.	They not effective at preventing and calming reckless driving in the business district.	I almost was hit by a speeding driver twice while walking.
Yes	Loved it.	Loved them.	I enjoyed the Ferrari Concours very much. it was an event befitting the community. There were exclusive cars you might see in a museum. The prancing event was very much like every other event in Pacific Grove. Every year. probably could be held in a parking lot in Carmel Valley.	They were effective at preventing and calming reckless driving in the business district.	It was very well controlled throughout the day and evening. The closure of Ocean Ave, was obviously important for the safety of the public. It keeps some people from turning the street into a Los Angeles street takeover, much like what happened a few years ago resulting in the Monterey County Sheriff's Department having to be called in.

Yea ... limit the number of days (max 2) and stop the night-time events. Also, larger police presence away from the down-town, Ocean avenue area.

I have been attending events and consuming goods in Carmel for over 40 years during car week. I will continue to do so until I no longer feel safe to do so. Keep up the good work and also, return the Carmel Mission Classic. That was an iconic event.

9/9/2024 22:39:54	A resident of 93921	I did not like it at all.	Very disorganized, everyday of the week in downtown Carmel it seemed as though there was an "event". In the past there was a one day event (Tuesdays, Concours on the Avenue.). Also this year 2024 there were three live separate bands all playing in a short distance of each other with the different music meshing together. In my humble opinion just complete chaos. In the years past it was pleasant and prestigious.
9/10/2024 7:57:33	A resident of 93921	Loved it.	I could walk to the shows and enjoy the them for free. It's also enjoyable to see the mix of nationalities enjoying the shows. Lots of different languages being spoken.

No		Loved them.	We have a nice variety of events that are appreciated by a wide array of locals.	They were effective at preventing and calming reckless driving in the business district.	A great job by local law enforcement. Any inconveniences were minimal.
Yes	It was okay.	Too many events for our town to handle.	Too many peoplealso like I said very disorganized and we need to bring back the more upscale show with less events . Less is better.	There is no reason for having cars block off Ocean Avenue late into the evening. I think the police need to clear all parked cars on Ocean Ave. at dusk.....cars obviously can be there if people are eating at the restaurants , but there is no reason to have cars parked on the road on Ocean Ave.	
Yes	Loved it.	Loved them.	I appreciate the artistry of the cars. Seeing them in such a beautiful setting adds to the experience. I also enjoy seeing the town come alive with visitors from around the world.	They were effective at preventing and calming reckless driving in the business district.	I witnessed virtually no bad behavior on the part of the car owners. Yes our city gets extremely crowded by these events but there's no way to avoid that. Our restaurants are full of happy attendees and it infused Carmel with vitality and laughter.

I encourage its continuation, but without extending its length so not to create any backlash from locals.

Car week can easily be planned so much better! I love seeing the cars and enjoy walking downtown with my dog to view the beautiful cars , in my opinion to much going on everyday of the week in Carmel! It is too much. Never used to be like this!

I wouldn't expand the number of events further and would support limiting the shows to 2 days vs. 3. Build on the success of this year's traffic management. Possibly setup parking and shuttle service using Carmel HS and Crossroads parking areas.

<p>9/10/2024 11:40:03</p>	<p>A resident of 93921</p>	<p>Loved it.</p>	<p>We have the auspicious honor to host the iconic & global automotive artistry & history that is the annual Car Show! The unique opportunity to be present in & among our area's natural beauty, artistic history & aesthetic is a boon for all our locals & our tourism partners in the community! That artistic history is a deeply defining characteristic of Carmel-by-the Sea's past & future. This automotive artistry is linked to the heart of love of that artistry not simply the performance. It's a celebration of the art form and we share this love with our greater community of the Monterey Peninsula. Many sister events that host races, auctions, enthusiast events & bring tremendous benefit to our community with few drawbacks have benefited many via charitable & tourism dollars. As to the few problems of past; Carmel responded appropriately & directly to those issues. We've learned & we've applied knowledge to managing & policing our unique & world class event. It's a win-win for the community & provides our town with income from tourism from locals & distant travelers alike. Please do not take this event & celebration of auto artistry away! It's quintessential Carmel for us old timers!</p>

Please keep the annual & beloved Car Show!!

The events themselves are terrific and well run, but the after-hours "boy racer" shenanigans have to stop before somebody gets seriously hurt, or the community rebels. Noise rules need to be enforced, too. This is true throughout the area, not just Carmel. Car Week is a treasured event, but it's in danger of getting out of hand

9/11/2024 8:17:13	A resident of 93921, A retail shop owner in 93921	I did not like it at all.	The lack of Carmel code enforcement of our own businesses was very apparent. The younger crowd at night and the scene in our downtown with the crowds and the cruising was awful and does nothing to support residents or businesses. How can we mitigate that for next year...having our business owners with DJs set up on the sidewalk doesn't help the situation. Also, car week, as a retail shop owner is the worst sales week of the year. It is a gripe that many retail shops have if you ask around town.

No		TOO MANY	<p>Every day there is an event in Carmel is a terrible sales day at the store. I love that the Concourse brings people to the area but if we had less events people could actually come to town to shop because there would be more adequate parking. Having these events takes too much parking away.</p>	<p>They were somewhat effective at preventing and calming reckless driving in the business district and were somewhat effective.</p>	<p>We need to have check points around Carmel or put speed bumps on all areas that have racers...San Carlos from 7th to 8th, 8th to 9th and 9th on, is a place where we need them. In fact, speed bumps everywhere might be annoying enough to prevent cruisers too.</p>

Glad the city has resurrected the Avenue shows as many have complained about missing them the last couple of years. Besides, it's only once a year so hopefully they will continue. These events don't necessarily increase my business as most are here for the cars but it does showcase the area and many return. It's not always about the money, if it brings joy then why not!</p>	They were effective at preventing and calming reckless driving in the business district.	Because I didn't see any reckless nor dangerous driving..
Yes	It was okay.	They were okay.	<p>I enjoyed seeing all of the unique and exotic cars, but a little too crowded for me and since our part time residence is on Lincoln SW of Ocean, it got overwhelming to find parking, etc.</p>	They were effective at preventing and calming reckless driving in the business district.	Street closures certainly helped, having police on foot and on bikes, gave a good presence.

Don't dampen another event as it is a good thing and has longevity in the fabric of the city. The more the city keeps changing things the less charm that has been built up through the decades is slowly fading away.

We'll probably stay out of town next year and visit Napa or Sonoma instead.

They City should ban all car related events. Maintain our traditions as a residential village in a forest, not a showroom for exotic cars. That will happen in other communities, not Carmel-by-the-Sea. We will lose no business. The hotels will remain full. The restaurants will be packed. It is an insult to the traditions and history of our village. The City Council must shut these annoying events down. They make our village unsafe.

9/14/2024 22:23:29	Salon Owner in 93923	I did not like it at all.	Traffic delays caused my clientele to be late or cancel. 9/16/2024 16:55:15	A resident of 93921	It was okay.	I still miss the PG rally roaring through town—it was SO thrilling. And the tour D'Elegance parking those beauties on our main Street while the owners picnicked in Devendorf Park. That was such an elegant day in Carmel. Why have we stopped those two major events?? IMHO, the prancing Ponies is not a car show, it's a lifestyle event. Those women don't really know cars, they seem to just know checkbooks. The new Concourse for a Cause was a good show this year.

Yes	Loved it.	Loved them.	great to have the events and energy back in town as a center of car week	they were ridiculous, cause gridlock, drove business away, and did not save any police time from patrolling the area.	the grid lock cause by these way over the top blockages of Ocean and one way directions killed the enjoyment of locals and visitors. And with all that, there were still police cars and policemen stationed on Ocean. If you have the police on Ocean without all the blockades, it will still stop the recklessness on Ocean - because they will see the police and know they will be ticketed. This cause more trouble than it stopped.
No	It was okay.	I did not like them at all.	Sadly, we miss Doug Freedman. The event had so much more class and was much more organized.	They not effective at preventing and calming reckless driving in the business district.	What is the purpose of the loud mufflers backfiring and racing around town? Car week is one of those special Carmel events - let people enjoy themselves, and understand that this is a huge week for local businesses - the biggest week for many - and the income from these big weeks help businesses survive in very expensive Carmel - allowing Locals to enjoy these businesses all year long. We need to treat Carmel visitors with more respect and trust that most are good people who will make good decisions.

I know the restaurants and hotels also benefit by this event but the noise is nearly unbearable.
