Declarations

Declarations Regarding the Presence/Disposal of Hazardous Materials and Construction Waste

(Initial All That Apply)

_____ I have tested the building materials I intend to disturb during this project for any hazardous materials requiring abatement and found the following:

No materials identified Materials found include: _____

_____ I have contacted the Monterey Bay Unified Air Pollution Control District (MBUAPCD) at 831.647.9411 to determine if the Federal Asbestos NESHAP is applicable to this project, **and (check one):**

I am attaching a copy of the written notification to MBUAPCD for my project as required by the Federal Asbestos **NESHAP regulation in 40 CFR Part 61.15(b); or**

My project is not subject to the Federal Asbestos NESHAP regulation in 40 CFR Part 61.145.

_____ I understand that it is unlawful to place any hazardous materials, including asbestos containing materials, into any non-hazardous (common) waste collection receptacle (dumpster, garbage can, etc.) All hazardous materials will be removed by individuals/firms certified to handle and dispose of the specific hazardous material(s) involved.

_____ I certify that 100% of non-hazardous debris will be taken to a bonafide facility with a minimum 50% recycle rating

Declarations Regarding Environmental Protection

(Initial All That Apply)

_____ I am required to erect protective barricades around all trees on the building site and all trees on public property adjacent to the site. These barricades must be in place, and approved by the City Forester prior to the start of any construction or demolition activities. Under conditions where soil compaction is probable, fences may also be required around a tree or grouping of trees.

_____ I am required to prevent storm water and soil and similar erosive materials from being transported off-site by storm water. I will implement and maintain approved Best Management Practices to protect the environment throughout the project. For projects requiring a drainage plan, erosion & sediment control measures must be in place, and approved by the City Environmental Compliance Manager prior to the start of any grading or land clearing activity.

"I certify (or declare) under the penalty of perjury under the laws of the State of California that the foregoing is true and correct. I understand that all statements made in this application are subject to investigation and that any false or dishonest answer to any question may be grounds for denial or subsequent revocation of any permit issued to me"
